

Mom needs at-home care? Now what?

Back-up care is a simple solution to your family care challenges.

Whether it's your elder loved one in need of assistance after a hospital stay or your parent's regular caregiver who calls in sick, back-up care answers the call, getting you to work with the confidence of a provider you can trust. One single call and your day improves — the highest quality adult/elder care, where and when you need it. Right at home.

The *Back-up Care Advantage Program* provides **UC Berkeley** ladder rank faculty and lecturers SOE with in-home back-up care for adult/elder loved ones for up to 60 hours per fiscal year (July 1 - June 30). The cost is \$4 per hour.

Use the *Back-Up Care Advantage Program*® when:

- Your adult or elder relative needs care at home after a surgery or illness
- Your regular caregiver is unavailable
- You need a little extra dependent-care support

Family Care. Solved.
